FILE HEADING.

Change in the designation of Dr M. Sreenivasa Rao, Superintendent, Public Health Institute

From

The offg Sanitary Commissioner

No. 3587 Dated 17. 2. 12 Received 19. 2. 12

Diary No. 4660	Enclos. / Spare Copies.	Serial No. /

BRIEF ABSTRACT OF LETTER.

Proposes that Dr M. Sreenivasa Rao, be designated "Director of Public Health Institute and Deputy Sanitary Commissioner" and suggests that Mr. K. R. Krishnaswamiengar & Mr. J. V. Kurrah be appointed Assistants to Dr Sreenivasa Rao, the former as the Chemical Examiner and the latter as Superintendent of Vaccination & Bacteri

NOTES AND ORDERS.

Dr M. Sreenivasa Rao, is now designated as "Superint of the Public Health Institute & Chemical Examiner Govt." (vide notification, No 4289 dated 5th Dec 1911 from 32-10-7)

7.12.11

Mr K. R. Krishnaswamiengar has ~~already~~ been posted Assistant to the Chemical Examiner. The Sanitary Com

suggests that Mr. J. V. Kurve be drafted to the public Health Institute.

Submitted for orders.

1660 Bldg. 19 2. The designation of
22.2.12 Dr. Srinivasa Rao may be changed as prayed for by him and he may be styled "Director of the Public Health Institute and Chemical Examiner to the Government of Mysore". The Sanitary Comr. proposes that he be appointed deputy Sanitary Commissioner also, so that he may visit places where infectious diseases occur and promptly adopt the necessary remedial measures for the suppression thereof - It is the intention of Govt. to provide every District with a duly qualified District Sanitary officer and some of the districts have already been provided with such officers It is the duty of these officers to ~~accept~~ visit places where infectious diseases may occur and promptly take the necessary

NOTE—Contn. sheet.

GPB—50,000—12-8-10

Serial No.

steps for suppressing them and also to look after generally the sanitation of the District. It is a question whether this arrangement is not sufficient for the present and whether it is necessary that Dr Srinivasa Rao should be appointed Deputy Sanitary Comr to do the same work - It is also a question whether the legitimate duties of the Director of Public Health Institute and Chemical Examiner will not suffer by addn on to him the executive duties of the Deputy Sanitary Comr.

3. The Sanitary Comr also proposes that Mr Harve be appointed Superintendent of vaccination and Bacteriological Apistant under Dr Srinivasa Rao - If this means that Mr Harve is to be in charge of the Vaccine Institute and do Bacteriological work in addition, there is no objection to the proposal - Mr Abboy Naidu will in that case be set free and may be ~~employed~~ transferred to.

37 *Extract from the Proceedings of the* 286th *Meeting of the Council of His Highness the Maharaja, held at* BANGALORE *on the* 1st October ~~1910~~ 1912.

2. Subject. - (Clauses v, x & xii of Schedule).

Changing ~~the~~ designation of Dr.Srinivasa Rao to "Director of Public Health Institute" and appointing him also as Deputy Sanitary Commissioner, with two Assistants under him - Messrs:K.R.Krishnaswamiengar and J.V.Karve - for charge of the Chemical Laboratory and Vaccine Institute respectively.

OPINION OF THE COUNCIL.

The designation of Dr.Srinivasa Rao may be changed to "Director of Public Health Institute".

The Council does not think it desirable, in the interests of the efficient working and supervision of the Laboratory and other work connected with the Health Institute, to add on to Dr.Srinivasa Rao the duties of a Deputy Sanitary Commissioner, as proposed by the Senior Surgeon.

The question of attaching Mr.Karve to the - Health Institute as Bacteriological Assistant and Superintendent of Vaccine Institute may be considered after the new Vaccine Institute which is - under contemplation is constructed and placed in working order.

D. O. No.

OFFICE OF THE SENIOR SURGEON AND
SANITARY COMMISSIONER WITH THE GOVERNMENT
OF MYSORE,

Bangalore, 18th December 1912.

My dear Sir

I have very carefully and most anxiously thought over the question of Mr. Palpu as desired by you.

I can assure you that I have no personal prejudice against Mr. Palpu nor have I any personal objection to the arrangement suggested by you.

Leaving aside the subject of Mr. Palpu's antecedents it is I believe a question worth considering whether it will be the right policy to encourage and promote an officer who has been systematically attempting to discredit the Government in the Vaccine department and whether by putting him in charge of the Vaccine Institute the Govt. will not be considered

by the public at-large as having yielded to the clamour raised by him and his alone

No doubt Mr. Palpu has some capacity in him. If he can only shew it in satisfactorily tackling with the important work that had been entrusted to him viz A thorough scientific investigation into the Causes of decimation of Mankind by population the Govt. may think then shew their appreciation and reward him as they may consider fit.

Having plainly stated my View of the Case as I consider it my duty to do I of course leave the decision to you and shall loyally abide by the orders that the Govt. may be pleased to issue

Yours sincerely

E. J. Riceyrattnam

To. Visvesvaraya Esquire
B.A. (Mu.) S.C.E. C.S.E.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record]

As personally directed by Rao Dewan. I here with Submit a note on the proposal to appoint Mr Palpu Superintendent of the Central Jail & place him also in charge of the Vaccine Institute.

27/12

Dewan

Submitted to Dewan in person on 27th & again on 30th Dec

N. B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

GPB—25,000—23-7-12

The proposal under consideration is to appoint Mr.Palpu as Superintendent, Central Jail and place him also in charge of the Vaccine Institute.

2. There can be no question about Mr.Palpu's capacity to do justice to the duties of either office. Speaking of the Vaccine Institute, considering the numerous complaints which have been made for some time past with regard to the quality of the lymph manufactured at the Institute, a change in the personnel of the Institute appears to be urgently needed Mr.Palpu is by his qualifications, experience and capacity, competent in every way, for the charge of the Institute. He is a D.P.H. and has had previous experience of the Vaccine Institute. His energy and capacity are undoubted. Moreover, seeing that Mr.Palpu was one of those who were loudest in their complaints against

35

the lymph manufactured in the Insti-
tute, it may be good policy to place
him in charge of the Institute himself
as he will then naturally do his level
best to work the Institute on proper
lines and to show better and more sa-
tisfactory results.

3 Though for reasons explained above,
Mr.Palpu will prove a fit and proper
person for the charge of either the Jail or
the Vaccine Institute, there are some
points which require consideration in
respect of the proposed appointment
or rather combination of appointments.
These are

i. Is it possible for a singl
officer to do justice to the duties
of both the Central Jail and the Va-
ccine Institute?

ii. If Mr.Palpu is appointed
to the place what pay should be
given to him?

iii. As Superintendent of the
Vaccine Institute, is Mr.Palpu to be sub-
ordinate

36

subordinate to Dr.Srinivasa Rao or is he to be independnent of him? ~~And~~

iv. If the proposal under consideration is sanctioned, how should Mr.Abboy Naidu be dealt with? Will there be sufficient work for him if he is placed only in charge of the Lunatic Asylum? If not, what additional work can be given to him o r what other arrangement can be made for the charge of the Lunatic Asylum?

4 As regards (i), it is understood that the work of the Jail Superintendent is not so heavy or so absorbing as not to admit of other duties being tacked on to him and that it will not be difficult for him to supervise the Vaccine Institute in addition to his Jail work. At a n y rate, the experiment is worth a trial; and if, after giving it a fair chance for some months, it is not found to work satisfactorily, the old order of things can easily be ~~ordered~~ restored.

37

5- With respect to (ii)

According to the Standing Orders of Government, the pay of the Jail Supdt: when he is not also in Medical charge of the Jail is fixed at Rs.600. Mr. Palpu's present pay is Rs.450 plus 50 Rs. personal allowance. Hence if he is permanently appointed to the place, it will be a substantial promotion to him. Considering the circumstances under which Mr.Palpu was reduced only about a year ago and that since then he has not done any particularly good work to merit his restoration to favour, it is a point for consideration whether it will be advisable or expedient to promote him so soon by appointing him permanently to the place of Jail Superintendent carrying a pay of Rs.600 or 700 (according as he does or not the duties of the Medical officer also of the Jail). The better course will, I think, be t o appoint him for the present only to

act as Jail Superintendent, in which case he will get an acting allowance of Rs.120 from which, if his personal allowance of Rs.50 be deducted, he will be benefited to the extent of only Rs.70 with free quarters. This course is all the more desirable if, as suggested in para 4 above, the combination of the duties of the Jail Superintendent and Supdt: of Vaccine Institute in Mr.Palpu is to be tried experimentally for a time before deciding finally on its continuance or otherwise.

6 With regard to point (iii), considering the highly strained relations between Dr.Srinivasa Rao and Mr.Palpu, any arrangement by which the latter is placed in direct subordination to the former cannot be expected to work satisfactorily. Hence, if Mr.Palpu is to be placed in charge of the Vaccine Institute, it will be necessary to relieve Dr.Srinivasa Rao

39

Srinivasa Rao entirely from all connection with and all responsibility for the work of the Institute.

7 Coming to point (iv), Dr.Armugam Mudaliar, Offg. Senior Surgeon, who was consulted by me, as personally directed by the Dewan, on the question under consideration, while being in favor of the proposal, is of the opinion that if it is sanctioned, Dr. Abboy Naidu will not have sufficient work as officer in charge of the Lunatic Asylum. He thinks that the allowance attached to the Lunatic Asylum should not become the sole monopoly of a particular officer for an indefinite period. He considers that the best arrangement would be to revert Mr.Abboy Naidu to the Medical Department and place both the Asylum and the Vaccine Institute under the immediate charge of a junior officer like Mr.Mascarenhas residing on the premises, and working,

4

at least so far as the Vaccine Institute is concerned, under the direction and control of Mr.Palpu, who, without prejudice to his duties in the Jail, can exercise general supervision over the Institute and ~~being~~ held by Government ultimately responsible for the working of the Institute.

There is no doubt, considerable force in Dr.Armugam Mudaliar's proposal which, briefly stated, amounts to Messrs; Palpu and Mascarenhas taking the places of Messrs: Chokkanna and Abboy Naidu respectively who then revert to their proper places in the Revenue and Medical Departments, with the difference that Mr.Mascarenhas will, so far as the charge of the Vaccine Institute is concerned, work under the supervision and control of Mr.Palpu.

29/12/12

As personally directed by the Dewan when the above note was submitted to him, I consulted the First Councillor about the proposed arrangement on the 30th instant. His opinion is as follows:-

(1) Mr. Palpu may be appointed as a temporary arrangement, Superintendent of the Central Jail (with medical charge of the Jail) and of the Vaccine Institute, and he may be paid a salary of Rs.600/- for the combined charge together with free quarters.

(2) Mr. Abboy Naidu may continue in charge of the Lunatic Asylum; and he may be also given charge of the Medical Stores in place of Mr. Vencoba Row proposed to be transferred to the Mysore Ayurvedic Dispensary His allowance may be reduced to Rs.50/- and he may be given the free use of the building now occupied by Mr. Vencoba Row.

Note.

The pay of the Superintendent Central Jail when a medical officer is appointed to the charge of it is fixed at Rs.700 and if we are to give Mr. Palpu Rs.600, we shall be altering the scale just to suit an individual case. To avoid this objection we may appoint Mr. Palpu to act in the Place & Continue his present personal allowance.

Appointments that may be ordered.

Mr. Palfer to be Supt^dt of the Central Jail and to be in charge of the vaccine Institute.

His pay may be fixed at 600, & he will have the Jail Quarters.

~ Chokkanna will be free for Service in Rev Dep^t.

Mr Palfer thinks that Nascarenhas may be too good for the Vac. work. The Senior Surgeon may perhaps be asked to ~~Appoint~~ suggest a proper man.

Abbay Nayden may have charge of

63 *Submitted to His Highness.*

In connection with the proposals for chang ing the designation of Dr. Sreenivasa Rao from "Supe intendent, Public Health Institute" to "Director of Public Health Institute" submitted by the late Dewar Mr. T. Ananda Row, in his note No.705 dated the 7th October 1912, His Highness was pleased to prefer to accept the whole of Dr. Achyuta Rao's recommendatior en bloc in this connection, as no extra expenditure was involved - vide Mr. Campbell's D.O.No.167 dated the 18th October 1912 to the late Dewan.

A. (Pages 15 & 16 of this notes)

B. (page 18).

2. Dr. Achyuta Rao's proposals consisted, in addition to the changing of Dr. Sreenivasa Rao's de- signation, of appointing him as Deputy Sanitary Com- missioner with Mr. K.R. Krishnaswamiengar, now As- sistant to the Chemical Examiner, and Mr. J.V.Karve, now acting District Sanitary Officer, Shimoga, as h: Assistants, the former as the Chemical Examiner and the latter as Superintendent of Vaccine Institute a Bacteriological Assistant.

3. Instructions were however issued in Gov- ernment

~~12~~ 46

Government Order No.3423-6/Sanitary 99-11 dated the 13th November 1912, directing the alteration of Dr. Sreenivasa Rao's designation and appointing him as Deputy Sanitary Commissioner. The other matters were reserved for separate consideration pending receipt of further information which was considered necessary.

C

4. Meanwhile, the Sanitary Commissioner had submitted modified proposals recommending the appointment of Mr. J. Mascarenhas, M.B., C.M., D.P.H., who had returned from England after completing his course of studies there, as Dr. Sreenivasa Rao's Assistant in the Vaccine Institute and for charge of the Lunatic Asylum, in lieu of Mr. J.V. Karve originally proposed for the Vaccine Department.

"Paper under disposal" in linked file 68-12. and flag D.

5. The modified proposal of placing Mr. Mascarenhas in charge of the Vaccine Institute and the Lunatic Asylum involved the re-placing of Mr. Abboy Naidu now in charge of these institutions with an allowance of Rs.100 per mensem, which, it was proposed, should be given to Mr. Mascarenhas. The Senior Surgeon also requested that Mr. K.R.Krishnaswamiengar's appointment as Chemical Examiner may be gazetted.

E

6. The Second Councillor was of opinion that the arrangements proposed by the Senior Surgeon may be sanc

Pages 26 & 27 of Notes.

~~33~~ 47

Pages 27 – 29 of notes.

sanctioned. The First Councillor did not see the advan age of changing Mr. Abboy Naidu, nor the necessity for appointing Mr. K.R. Krishnaswamiengar as Chemical Examiner.

7. While these proposals were under consideratio Mr. Palpu, District Health Officer, Shimoga, in whose place Mr. J.V. Karve has now been acting, applied for an extension of his furlough by 6 months, and the Senio Surgeon, in submitting the application to Government, ha not recommended the grant of the extension in the inter ests of public service.

F in linked file 83-12.

8. These explain the facts of the case as they stand at present. The questions for consideration now are:-

(1) Whether Mr. K.R. Krishnaswamiengar should be gazetted as Chemical Examiner.

(2) Whether Mr. Mascarenhas may be posted to the charge of the Vaccine Institute and the Lunatic Asylum with an allowance of Rs.100 in place of Mr. Abboy Naidu to be reverted to the Medical Department proper.

(3) Whether Mr. Palpu should be given the extension of leave he has asked for and, if not, how his services should be utilized for the future.

9. I have consulted the First Councillor and the Senior Surgeon in the matter. As regards the first

57
48

Page 29 of notes

point, the First Councillor is of opinion, and I agree with him, that the Chemical Examiner should be a more senior and experienced officer and that Dr. Sreenivasa Rao should continue as such. There is absolutely nothing in law to prevent Dr. Sreenivasa Rao from deputing his Assistant to do the bulk of the work and, under Section 510 of the Criminal Procedure Code, an Assistan Chemical Examiner's certificate will have "quite as muc virtue" as that of a Chemical Examiner. The present ar rangement may therefore continue.

10. The other points have to be considered together. I am of opinion (the proposal originated with the First Councillor when I personally discussed these questions with him), that Mr. Palpu may, as a temporary arrangement, be appointed acting Superintendent of the Central Jail, Bangalore, and also placed in charge of the Vaccine Institute. He is now drawing Rs.400 plus Rs.50 personal allowance, or Rs.450 in all. The pay of the appointment of the Superintendent of the Central Jail is Rs.600 or 700 according as he does or does not do the duties of the Medical Officer; Mr. Palpu being otherwise competent and on the spot, there is no reason why a separate Medical Officer should be appointed for the Jail duties. Mr. Palpu may, therefore, be appointe

both for the Jail and Medical duties with an acting allowance of Rs.140 (one-fifth of 700), thus bringing his salary to Rs.590 for the combined duties of the Jail and the Vaccine Institute. For the immediate charge of the Vaccine Institute, a junior Assistant Surgeon may be appointed and such officer will work under the direction and supervision of Mr. Palpu. In view of the highly strained relations between Dr.Sree nivasa Rao and Mr. Palpu, the former will be complete relieved of the charge of the Vaccine Institute and M Palpu will be held directly and personally responsibl for the work of the Institute.

11. Mr. Abboy Naidu will however continue to hold charge of the Lunatic Asylum, and in lieu of Vac cine work, he will be given charge of the Medical Stores in place of Mr. Venkoba Rao, the present Super intendent, whom it is proposed to transfer to the Ayurvedic Dispensary at Mysore, and the present allow ance of Rs.100 which Mr. Abboy Naidu is now drawing will be reduced by Rs.50. Mr. Abboy Naidu will how- ever be allowed the free use of the building now oc- cupied by Mr. Venkoba Rao. Mr. Naidu has specialized in Lunacy and he seems to be fittest person to hold

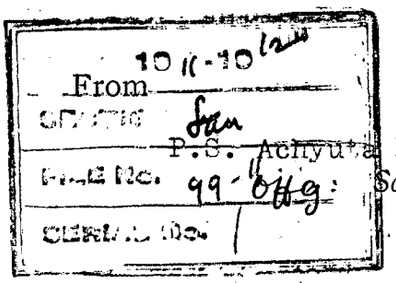
DEPARTMENT OF PUBLIC HEALTH IN MYSORE.

OFFICE OF THE SANITARY COMMISSIONER
WITH THE GOVT. OF MYSORE,

Bangalore, dated the 17th February 1912.

No. 3587
ENC. one
DIARY No. 4660



To

C.S. Balasundaram Iyer Esq., B.A.,
Secretary to the Government of
His Highness the Maharajah of Mysore,
General and Revenue Departments,
BANGALORE.

SIR,

In forwarding copy of letter No. 29 dated the 12th January 1912 from Dr. M. Srinivasa Rao M.A., M.D., D.P.H., etc for orders, I have the honor to submit the following for kind consideration at the hands of the Government:-

2 The alteration of the designation from " Superintendent, Public Health Institute " to " The Director, Public Health Institute " does not cost anything and the Government may very kindly accord Dr. Srinivasa Rao's prayer.

3 I find from a letter written by Col. Smyth to Dr. Srinivasa Rao while the latter was at Edinburgh and dated the 14th January 1909 that the Colonel did hold out hopes of designating Dr. Srinivasa Rao as " Director ".

4 I would further propose that Dr. M. Srinivasa Rao be designated " Director of Public Health Institute and Deputy Sanitary Commissioner " for the following reasons.

DEPARTMENT OF PUBLIC HEALTH IN MYSORE.

191

From

THE SANITARY COMMISSIONER
IN MYSORE, BANGALORE.

To

THE SECRETARY TO GOVT.,
GEN. & REV. DEPTTS,
BANGALORE.

Dated 17.

Despatched 17 Oct. 1912.

Received

General No.
No. 3587

Enclosure No. one

SUBJECT.

Recommending that Dr. Srinivasa Rao be designated a Director of the Public Health Institute and appointed by Sanitary Commissioner as well.

reasons.

(a) No separate Deputy Sanitary Commissioner is in my opinion, at the present stage of sanitary development and needs of the State, necessary.

(b) With one qualified Assistant as the Chemical Examiner and another as the Bacteriological Assistant and Superintendent of Vaccination the entire laborator and routine work of the Sanitary Department might very well be vested in Dr. Srinivasa Rao.

(c) When epidemics like Cholera, Small-pox, specific fevers etc occur in any place in the State the requisite investigation into the causes, early examination (bacteriological and otherwise) of the water supply on the spot, enquiry into the defects in the drainage etc, can readily be undertaken by Dr. Srinivasa Rao and application of early remedial measures suggested by him. He might while out on such duties give lectures and demonstrations on Public Health subjects.

(d) For the money that the Government has so generously spent on his training and is now granting to him as salary sufficient useful work may be extracted from him by the adoption of my humble suggestion. Relieved of a great deal of purely mechanical and routine duties Dr. Srinivasa Rao should be able to do some original research work that would reflect credit on himself and the State.

5 I believe that with Mr. K.R. Krishnaswamiengar and Mr. J.V. Karve both of whom have taken the D.P.H. qualification as his Assistants, the former as the Chemical Examiner and the latter as the Superintendent of Vaccination and Bacteriological Assistant, Dr. Srinivasa Rao as the Director of the Public Health Institute and Deputy Sanitary Commissioner should be

be in a position to bring up the Health Institute and Vaccination and Sanitary work in the State to a high state of efficiency.

6 I am glad to be able to say that Mr. K.R. Krishnaswamiengar has been doing good work and I suggest for the favorable consideration of the Government that Mr. J.V. Karve be drafted to the Public Health Institute as I have hopes that he will be more usefu in the capacity suggested above rather than in a General Hospital or as a Health Officer.

7 Moreover when the proposed school of Hygiene is started in view to train men as Sanitary Inspectors the full medical teaching staff will have been readily provided viz. Dr. Srinivasa Rao as the Principal and Messrs. Krishnaswamiengar and Karve as Assistant Masters: The Engineering portion of the teaching of course falling on the Sanitary Engineer the Government.

I have the honor to be,
Sir,
Your most obedient servant,

C. J. Achyutarao

Offg. Sanitary Commissioner.

P.H.

Letter No. 29 dated 12-1-1912 from the Supdt., P.H. Institute to the Sanitary Commissioner.

In expressing my gratitude to the Government of Mysore for their Proceedings No. 3525-7 Sany. 132-10- dated the 10th November 1911 appointing me the Superintendent of Public Health Institute and Chemica Examiner to the Government, I have the honor to bring to your notice that the former designation is not quite appropriate to the responsible work I am entrusted with. The Heads of similar Institutes in other parts of India are all designated Directors. In many cases, the Directors have subordinate officers styled Superintendents and Assistant Superintendents in charge of different branches of the Institutions. To take the case of Vaccine Institute at Belgaum, where only the small-pox vaccine is prepared, the responsible Head of the Institute is called Director having under him one Superintendent and two Assistant Superintendents to whom is given the work of looking after the calves, pulping the lymph, mixing it with glycerine, chloro-forming it and attending to the final despatch of the glycerinated lymph to the various Districts. The Director is an officer of the Sanitary Department under the orders of the Sanitary Commissioner in Bombay. The Head of the King Institute at Guindy, Madras, is known as the Director. He has an Assistant Director in charge of the small-pox vaccine Department and a number of Superintendents in charge of Chemical, Bacteriological and Teaching work. ~~The~~ The King Institute is doing exactly the same kind of work as the Public Health Institute here, and if I

I am styled Superintendent, the Directors of the King Institute and the Vaccine Institute at Belgaum will naturally think that I am a subordinate official and not one of equal status with them. This would, to say the least of it, lower me in the estimation of these officers, with whom I have to correspond on Scientic matters. I am trying to uphold not only my personal dignity but also the reputation and dignity of the Government of Mysore whose servant I have the honor to be. The Pasteur Institutes at Kasauli& Coonoor, the Central Institute of Research at Kasaulithe Bacteriological Laboratory at Bombay are all presided over by officers styled Directors. The Public Health Institutes in Great Britain and on the continent of Europe are all under Directors. Even the Clinical Laboratories attached to any public hospital in London and other University Centres are in charge of Directors.

Moreover, I beg to point out that the officer in immediate charge of the Vaccine Institute under my control is also designated Superintendent of the Vaccine Institute and the idea of one Superintendent working under the orders of another would appear strange to any outsiders visiting the Public Health and Vaccine Institutes.

Col. Smyth had promised me that in making his recommendations about the formation of Public Health Institute, he would suggest my being made the Director of it.

I therefore request that you will be pleased to write to the Government for making the necessary verbal change in my official designation which would then be " Director of the Public Health Institute and Chemical Examiner to the Government of Mysore."

Office of the Sanitary Commissioner
with the Government of Mysore,
2798
Bangalore dated the 16th November 1912

1911-1912

My dear Sir,

In reference to the Government Order sanctioning the alteration of the designation of Dr. Srinivasa Rao from " The Superintendent, Public Health Institute " to " The Director, Public Health Institute " I see there is no mention of Mr. K.R. Krishnaswami Iyengar being designated " Chemical Examiner to the Government of Mysore " - I had made this suggestion on specially practical grounds.

I shall thank you therefore to kindly see your way to getting Mr. K.R. Krishnaswami Iyengar gazetted early as the Chemical Examiner to the Government.

There are papers ready for despatch in the Institute pertaining to Chemical Analysis and there is a doubt raised in the mind of Dr. Srinivasa Rao as

as to who should sign these papers. Hence the particular request for early gazetting.

Yours sincerely,

T. V. Ramakrishnaiah

B a n g a l o r e .

Sir,

In reference to para 2 of Government Order No. 3423-6 Sany. 99-11-4 dated the 13th Instant, I have the honor to make the following representation:

Dr. Srinivasa Rao is anxious that he should have a duly qualified officer - one possessing a Diploma in Public Health - to help him in the Vaccine Department. I had recommended the appointment of Mr. J.V. Karve as Superintendent of Vaccine Institute and Bacteriological Assistant because he was the only officer with the needful qualification that was then available. As, however, it was found necessary to depute a District Health Officer to Shimoga in place of Mr. Palpu who continued to remain on leave Mr. Karve was sent by the Government to Shimoga. It is not known whether Mr. Palpu will return to duty on the expiry of his leave or ask for further extension thereof.

A duly qualified officer is now available for immediate charge of the Vaccine Institute and this

this officer - Mr. J. Mascarenhas M.B.C.M., D.P.H., has been recommended by me on the Medical side in my G. No. 153 dated the 9th Ultimo, wherein I suggested some changes.

After mature consideration and having regard to Dr. Srinivasa Rao's anxiety in the matter I solicit the favor of the proposals conveyed in my letter referred to being sanctioned at an early date. Should Mr. Palpu rejoin duty immediately after the expiry of his present leave suggestions in regard to the future posting of Mr. Karve will be submitted. If Mr. Palpu does not so rejoin duty Mr. Karve will stay on at Shimoga. At any rate Mr. Mascarenhas might be Dr. Srinivasa Rao's Assistant in the Vaccine Department till the proposed Public Health Institute is constructed.

Should the Government be graciously pleased to sanction the above proposals I shall submit my requisition from the Medical side to post Assistant Surgeon Mr. N.S. Nanjundaiya to the Medical charge of the Imperial Service Regiment.

I have the honor to be,
Sir,
Your most obedient servant,

J. V. Acharlu

Sanitary Commissioner.

Dated 17.12.1912

4) Also Letter No 2455 from the Same Office Submitting an application from Mr Dalton for further Extension of his furlough & stating that in the interests of public Service, he would not recommend the Grant of the Extension prayed for:

Order thereon 5227-31.

Sanity 99-IV-8
Dy 18.1.13

The questions for Consideration are:-

(1) Whether Mr K. R. Krishna Swami Iyengar should be Gazetted as Chemical Examiner

(2) Whether Mr Mascarenhas may be posted to the charge of the Vaccine Institute & the Lunatic Asylum with an allowance of Rs 100 in place of Mr Abboy Naidu to

be reverted to the Medical Dept.

3) Whether Mr Palpu should be given the extension of leave he has asked for it, if not, how his services should be utilised for the future.

2. As regards the first point Govt are of opinion that the Chemical Examiner should be a Senior & Experienced Officer & that Dr Srinivasa Rao should continue as such. There is nothing in law to prevent Dr Srinivasa Rao from deputing his assistant to do the bulk of the work; and under Sec. 510 of the Cr. P. Code, an Ass.t Chemical Examiner's Certificate will have as much validity as that of the Chemical Examiner. In these circumstances, Govt direct

GPB—15,000—13-11-11

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

that the present arrange-
ment may continue

2. As regards the other
two points, Govt have come
to the conclusion, after care-
ful consideration that the best
way of utilising Mr Dalpu
services is to appoint him
as a temporary arrangement, to act as Supt of the Centra
Jail, Bangalore and, in
addition to these duties,
to place him in charge
of the Vaccine Institute
Mr Dalpu will be in
Medical Charge of the Central
Jail He will draw an
acting allowance of Rs 140,
thus bringing his total
Salary to (590 Rs) for the
Combined duties of the
Jail & the vaccine Institute
For the immedia The
Vaccine Institute will be
under the immediate charge

of a Junior Ass.t Surgeon who will work under the direction and supervision of Mr Palpu. The Senior Surgeon is requested to suggest the name of a suitable officer for this work. ~~proper person for this place early~~

4. In Consequence of the arrangements above ordered, the work relating to the Vaccine Institute will, as a temporary measure, be separated from that of the Public Health Institute; and Dr Srinivasa Rao will be relieved of the charge of the Vaccine Institute. Mr Palpu will in future be held directly ~~& personally~~ responsible for the work of the Institute.

5. Mr Abbay Naidu will continue to be in charge of the Lunatic Asylum and in lieu of vaccine work, he will be given charge

GPB—15,000—13-11-11

of

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

of the Medical Stores in place of Mr Venkoba Rao about whose posting separate orders will issue. The present allowance of (100 Rs) now drawn by the Abbay Naidu will be reduced to (50 Rs). He will however be allowed the free use of the building now occupied by Mr Venkoba Rao.

6. Mr. T Chokkanna the present Supt. of the Central Jail will, on rules by Mr Pakpa, revert to the Rev. Dept.

7. The Mascarenhas' case will be taken up separately for consideration
